

Gadish Group

Gadish Group is one of Israel's largest and most prominent engineering & project management companies.

Gadish was established in 1979 by Eng. Yoram Gadish and has since provided a wide range of infrastructure and construction engineering services, in an effective one-stop-shop framework.

With over 45 years of accumulated experience, Gadish Group takes great pride in managing significant projects throughout Israel.

The Chairman and owner of Gadish Group is Mr. Efe Shurka. The group's board of directors includes Brigadier General (Ret.) Avigdor Kahalani, Brigadier General (Ret.) Haim Barak and Dr. Zvika Tziklik. Gadish CEO is engineer and Colonel (res.) Moshe Benjo

Gadish maintains 2nd place ranking among Israel's leading management companies on Dun & Bradstreet scale in 2019-2024.

It Takes a Large and Experienced Group to Accomplish Great Things

Gadish Group offers a wide range of services, from urban master plan management, planning management and project execution management & supervision, to a holistic response to all engineering management needs.

Employing hundreds of experienced professionals who provide top quality service in their respective fields of expertise, Gadish is able to complete complex projects and meet strict objectives at a very high standard.

The Group manages over 200 projects every year, with an annual project turnover of about 3 billion NIS.

Precision and Innovation

Gadish Group provides its clients with a comprehensive response to their needs, from the initial idea and planning stages to project completion. Every step is characterized by meticulous attention to detail, cost-efficiency and commitment to both quality and scheduling.

Gadish Group's advanced IT systems facilitate data and control management, while the company's experienced PMO teams provide clients with robust support.

Our reputation

Gadish Group's reputation is the result of its constant insistence on international-level quality and execution that complies with the most stringent standards. The Group has an ISO 9001:2015 certificate.

Gadish Group's human capital, client relationships, attentive service and professional decorum benefit numerous clients from diverse industries in Israel, including government offices, city municipalities, airports, public facilities, sports facilities and more.
